1. Bangladesh Cancer Society (BCS) was established in 1978 with an aim to raise awareness against cancer. It works in the field of prevention, detection, treatment, supportive care, research & training dedicated for the cause of cancer.
2. It is a nonpolitical, noncommercial, voluntary, social welfare health organization and the Honorable President of the People's Republic of Bangladesh is the Chief Patron of the Society.

Our plan is to build & run the hospital by Bangladesh Cancer Society with its own fund & fund raised from different government, non government agencies, organizations, institutional bodies, philanthropists and anybody who shares the idea to be with us.

Organizations like yours have a scope to co-operate from the fund spent as part of corporate social activity.
